RESPONSE TO RESTRICTION REQUIREMENT

Honorable Commissioner for Patent  
P.O. Box 1450  
Alexandria, VA 22313-1450

May 27, 2003

Sir:

In response to the Request for Restriction mailed April 29, 2003 (Paper No. 4), Applicant elects Group I, claims 1-13, drawn to a method for manufacturing a semiconductor device, classified in class 438, subclass 330, with traverse.

Applicant respectfully traverses the restriction requirement. The claims of Group I (Claims 1-13) drawn to a method for manufacturing a semiconductor device and the claims of Group II (Claims 14-17) drawn to a semiconductor device are closely related to each other and define a single invention. The semiconductor device defined in claims 14-17 is manufactured by the process of claims 1-13, and thus, claims 1-17 define a single inventive concept. Further, Applicant respectfully submits that it would not be unduly burdensome for the Examiner to examine the claims of both groups. Applicant respectfully requests that claims 1-17 be examined.
